

AZAGD MASTERTRACK DOCTORS ADVANCE THEIR PERIO SKILLS

In February 2020, our Arizona AGD MasterTrack doctors spent time with Dr. Tannaz Malek to spice up their skills in periodontal surgeries on pig jaws. They learned about connective tissue grafting, free gingival grafting, bone grafting, and crown lengthening!

Below: Dr. Ray Tanaka, Dr. Henry Yu, Dr. David Yang and Dr. Cynthia Leong.

Below: Dr. Tamsyn Burkett and Dr. Patrick Carr practices the art of perfect suturing.

Below: Our MasterTrack class clowns: Dr. Matthew Ellingson and Dr. Jared Taylor learning how to perfect their connective tissue graft skills.
